Dear Ken,

This letter is to introduce Dr. Diane Little to your chapter. Diane served as a member of our Medical Advisory Committee for our Health Fair Expo project from 1991 - 1994. In her capacity as the representative for psychological services on the Medical Advisory Committee, Diane was instrumental in developing and deploying a stress reduction screening station. Thanks to Diane's efforts literally thousands of individuals were provided with information on how to identify and reduce their stress levels.

Diane demonstrated significant commitment to this organization in her capacity as a member of the Medical Advisory Committee, providing, hundreds of hours of service to insure that the Health Fair Expo was able to deploy the new Stress Reduction Learning Center.

Diane made a major commitment of time to the Medical Advisory Committee for Health Fair Expo. In addition to her work as the sub-committee chairman for the stress reduction screenings, Diane provided valuable insights and resources to the medical committee at large.

During her four years here at the Los Angeles Chapter, Diane has demonstrated her commitment to the American Red Cross on numerous occasions. In addition to her significant contributions to the Los Angeles Chapter, Diane also proved to be a real pleasure to work with. Diane has indicated that she will be relocating to the Denver/Boulder area and has asked me to make this letter of introduction available, as she would like to continue her Red Cross service.

Please feel free to contact me if you have any additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read "John M. Pacheco".

John M. Pacheco
